

# MSc – Short Exchange Programmes

At RSM we welcome international students in our MBA, MSc and BSc exchange programmes during a full autumn or spring semester. For students who cannot stay for a full exchange semester, RSM offers the option to welcome (post) graduate students in a short exchange programme.

The short exchange programme offers your students ample opportunity to participate in core or elective courses from our specialized Master programmes which include: Accounting and Financial Management, Business Information Management, Finance & Investments, Global Business & Sustainability, Human Resource Management, Strategic Entrepreneurship, Management of Innovation, Marketing Management, Organizational Change & Consulting, Strategic Management and Supply Chain Management.

See also [www.rsm.nl/master/msc-programmes/](http://www.rsm.nl/master/msc-programmes/) and for course outlines: [Courses at RSM](#)

The short exchange programme entails one block of courses for a period of 7-8 weeks. Exams are scheduled within the terms, in the last week of each block. All courses are taught in English. In autumn, master core courses have a workload of 3 up to 6 ECTS whereas in spring, the master electives have a workload of 6 ECTS each. The minimum workload in autumn and in spring is 12 ECTS.

## Autumn:

Block 1: beginning of September – end of October

Block 2: end of October – end of December

## Spring:

Block 3: end of January – mid-March

Block 4: mid-March – beginning of May

Block 5: beginning of May – end of June

## Class profile & workload:

The MSc programmes at RSM are pre-experienced; the average age of students is 22-24 years. Most of our MSc students have some relevant working experience gained through internships, business projects or part-time management jobs. For this reason, MBA students fit in quite easily in our master courses. MBA students, however, might take into account that master courses are more theory based, than based on practice experiences. Global classmates representing 40 up to 80 nationalities participate in our RSM master programmes, therefore exchange students have lots of opportunities to connect and communicate with people from different regions in the world – an essential skill in international business.
